Record Enrollment at Kirtland

Classes began at Kirtland Community College last Monday as some 400 students milled about campus.

Tardy registrants who had been unable to pry loose from summer jobs to make the late August registration date were being enrolled all last week. Every effort is being made to fit educational requisites into course offerings and time slots available.

The total registration late Tuesday afternoon represented a student body growth more than double the 1968 opening date. The enrollment for both full and part time students that year leveled off at 180.

Since that beginning three years ago, course offerings have doubled. A building plan has been gradually moving off the drawing board and onto the sloping woody landscape of the 160-acre college tract.

At the helm of the institution this year is Dr. Robert A. Stenger, former Dean of Academic Instruction at Schoolcraft College, in Livonia. He was named president of Kirtland on August 1.

According to Edward P. Harkins, vice-president, enrollments in all Michigan colleges appear to be down slightly this year but it is still too early for all final registration figures to be reported.

City Manager, Sheriff Attend Pontiac Meet

Grayling City Manager, William Valusek and Crawford County Sheriff, Arthur Clough attended the meeting in Pontiac on Tuesday, Aug. 25, headed by Gov. William G. Milliken, relating to the Goose Lake Festival. Col. Frederick David, Commander of the Michigan State Police was also on the panel.

The meeting, which was held in the Oakland County Board of Commissioners meeting room, was attended by various law enforcement personnel, from county, township, city, state and Federal offices.

Governor Milliken presented a model ordinance relating to licensing, regulation and controlling outdoor gatherings of persons in excess of 5,000. A permit must be obtained from the governing body prior to holding such gathering.

Discussion was held in regard to the ordinance, to the size of the community and type of gathering, Valusek said. Each city could adopt a similar ordinance, altering it to the size of the city, he added.

Further discussion was held on police and fire protection, law enforcement, health and sanitation, lighting, parking, community and clean-up facilities, and proper bonds obtained for such gatherings, Sheriff Clough stated. Also discussed, was the fact that no liquor or narcotics can be allowed on the premises according to Act 343, P.A. 1952, he sheriff added.

Valusek said, that following the meeting it was hoped that each county, township, city and village would adopt a similar ordinance.

A discussion was also held on the subject of drugs, and charges pertaining to them. A major joint brought up was that charges seem to lessen, before a person can be brought to trial on various counts, Valusek added.

Consumers To Repair Loud Hydro Plant

SAGINAW, MICH., Sept. 4 — Repair work at Consumers Power Company's Loud Hydro Plant in the AuSable River will require lowering the plant's pond level for a period during September.

Paul F. Ingell, Region Superintendent in the bulk power department, Consumers Power Company, said the pond would be lowered a total of 13 feet. The drawdown is to start on September 8. By October 9, the pond level is scheduled to be back to normal. The lowering of the pond is for maintenance on the dam.

Mr. Ingell said this period was chosen, after consultation with the Department of Natural Resources, because it would involve the least inconvenience to fishermen and recreational users of the river.

Strange Happenings Going On

By Richard S. Brownes

Crawford County Sheriff Department of Grayling was alerted to investigate some very strange, unexplainable occurrences that happened during the night of September 6 at Pere-Cheney Cemetery which is located off I-75, South of Grayling.

Brought to the attention of the Police Department by Richard S. Brownes who is currently writing an article about the early settlement of Pere-Cheney, Lt. Galloway and Patrol Deputy G. A. Robarge found startling evidence of foul disorder at the scene.

A cross with burned remains of clothing still clinging to its wooden structure was observed in the Indian section of the graveyard. Upon further investigation by the two officers, a grave showed signs of having been freshly tampered with. "I was out here during the daylight hours of September 6 to take some pictures of this whole area for my article, and nothing was out of place then," Brownes reported to the Sheriff's Department.

"This burned cross—the grave being desecrated, has me to believe that some sort of 'ritual' was performed during the night. All the evidence surely indicates this," he added.

However, Lt. Galloway of the Grayling Sheriff's Department is not taking this matter too lightly. A complete investigation will be made to determine what exactly happened out there during

the night of September 6. And what did actually happen out there in the dark of night? Was it an act of "pranksters"? Or was it done by those who seek out lonely places to hold their strange meetings of "worship"?

Perhaps these questions will never be answered — but Crawford County takes pride in keeping-up this ancient cemetery of Pere-Cheney, where the dead should be allowed to rest in peace. It is their resting place—but it also is everyone's responsibility to keep it that way.

Any Old Books?

The social studies department at Grayling High School has sent out a request for donations of Old National Geographics, American Heritage books, or other history material. Anyone who has any of these materials and would like to donate them may do so at the high school office or contact Jack Trudgeon.

Meeting Notice

A meeting of the Crawford-Au-Sable School Association will be held Thursday, Sept. 17, at the Grayling Elementary School at 7:30 p.m. Parents of kindergarten through sixth grade students are urged to attend. All persons interested in children and education are invited.

ARGENTINE MEMORY PLAQUE — Cindy Bailey, daughter of Mr. and Mrs. Mahlon Riker, presents Mayor Derek McIsaacs with a plaque from the Mayor of Mar del Plata, on her return after spending two months in the South American city. The inscription reads: "To the Mayor of Grayling, Michigan: Upon returning to her country, Miss Cindy Bailey, citizen of your city, has brought for her mediation this memory from the city government of Mar del Plata, Argentine Republic. (signed) Pedro E. Marti Garro, Intendente Municipal (mayor)."

AMERICAN CENTRAL RR EXCURSION TICKET-RETURNING.

From Cherry To GRAYLING. This ticket is good for Passage not later than July 3 1987. NO STOP-OVER CHECKS GIVEN. (Not good on Fast N.Y. Express or Fast Chicago Express.) 466 Old Piggles Gen'l Pass. & Ticket Agent.

HERE'S AN OLD-TIMER — Frank Deckrow, father of John Deckrow and Mrs. Dewey Palmer of Grayling, purchased this ticket on July 3, 1887 to come to Grayling from Pere Cheney, in Beaver Creek Township, to attend the 4th of July celebration. Johnny Deckrow related to the Avalanche, that on the same day, Miss Lida Burton and Miss Cora Medcalf asked his father if he would drive their horses to Grayling for the 4th, and that is the reason the ticket wasn't used. Mr. Deckrow said, as far as he could remember, the train started at Roscommon to Grayling, and then on to Lewiston, Lovells, Johannesburg, back to Sailing, to Frederic and back to Grayling. The original ticket will be among artifacts of Mr. Deckrow's, and will be given to the museum at Hartwick Pines.

Vikings Prepare For Grid Opener

The Grayling Vikings football squad has cut down to one day practice now that school has resumed. Daily workouts are being held from 1:00 to 2:45 each afternoon.

The lack of bench strength this year will press most of the squad into both offensive and defensive action, coach Mike Wolland said.

The Vikings will travel to Gaylord this Saturday for a scrimmage with the Blue Devils, which is set for 2:00 p.m.

Possible starters for the scrimmage will be Tim Mead, Jerry King, Tom Gates and Murray Babbitt in the backfield. The line will probably consist of Brian Dmckley and Lenny Leininger at ends, Doug Legg and Dan McIsaac, at the tackle slots, Ken Bindschattel and Jim Corlew, guards and Clark Wilcox at center, coach Wolland said.

The Vikings first scheduled game will be a non-conference contest as they take on the Bobcats at Houghton Lake, Friday evening, Sept. 18th.

REAL ESTATE OFFICE MOVES

Ken and Margaret Chappel, co-partners in Ken Chappel Real Estate, announced this week the moving of their office from 202 Huron St., to the Up-State Shopping Center across from the A & P store on I-75 Business Loop South.

Mrs. Chappel received her brokers license after passing the last State Board examination. She previously completed an advanced course for Real Estate Brokers at the U. of M. extension service in Flint.

J.V. Squad Prepares For First Scrimmage

The Junior Vikings have completed two weeks of practice and have only one more week before their first pre-season scrimmage with Gaylord next Saturday, Sept. 12, at 2:00 at Gaylord. After this scrimmage, the J.V.'s will have one week to polish their offense and defense as their first game is on Saturday evening, Sept. 19, with Houghton Lake at Grayling.

On this year's team will be the following sophomores: Bob Miller, David Vajda, Mark Doty, Bruce King, Pat Gorman, Bill Horning, Steve Persing, Brad Hatfield, Ed Harwood, Dale Melroy, Pat Kucharek, Dan Moore, John Messenheimer, Tom Moss, David White, and Jim Alef.

The following freshmen also made the squad: Wayne Westervelt, Jim Bobenmoyer, Andy Trevino, Kevin Zimmerman, Joe Shepler, Mike Hoffman, Walt Kozicki, Chris Dmckley, Tom Vajda and Dan McClain.

There have been many standouts in practice so far, but many key positions are up for grabs. This looks like a promising year and we hope to see many fans come out and back these young athletes in action, Coach Howard Lehti said.

NEW HOURS AT COUNTY LIBRARY

Beginning Saturday, Sept. 12, the Crawford County Library will go back on its winter hours — Monday through Friday, 12 to 5 and 6 to 8, Saturday, 10 to 2.

WARNING

The Tank Range at Camp Grayling, located North of the North Down River Road and East of the East Branch of the AuSable River will be closed for Range firing 12 & 13 Sept. 1970.

The Known Distance Ranges, located South West of Lake Margrethe will be used for small arms firing 12 & 13 Sept. 1970.

These ranges will be closed on above dates and all persons are warned to stay out of these areas.

Recapture Two Youths In Jailbreak

Two 16-year old youths who broke out of the Crawford County jail building early Wednesday morning last week were recaptured near Frederic within four hours after Sheriff's deputies discovered the breakout. The youths, whose names could not be furnished deputies said, were reportedly being held here for investigation of breaking and entering.

The two were discovered missing when Lt. John Galloway came in at 4 a.m. and checked the room in which the two had been locked. The room is about 35 feet away and around a corner from where the night deputy works at the radio, according to authorities.

Sheriff's officers said they believe the two youths must have picked the lock on the door of the room, but how they were able to get out after breaking out of their room has not been determined.

The youths were being kept separate from prisoners in the regular cellblock, and were locked in a room designated as a waiting place for witnesses during trials in the adjacent county building.

EVANGELISTIC MEETINGS HERE

Rev. Donald Jasmin, pastor of the Onaway Baptist Church, will be the featured speaker for Evangelistic meetings to be held at Calvary Baptist Church Sunday, Sept. 13 through Sunday, Sept. 20. These meetings will be at the church, 808 Chestnut, Grayling, evenings at 7:30 (except Tuesday) and will conclude Sunday morning, Sept. 20 at 11 a.m. The public is invited to attend.

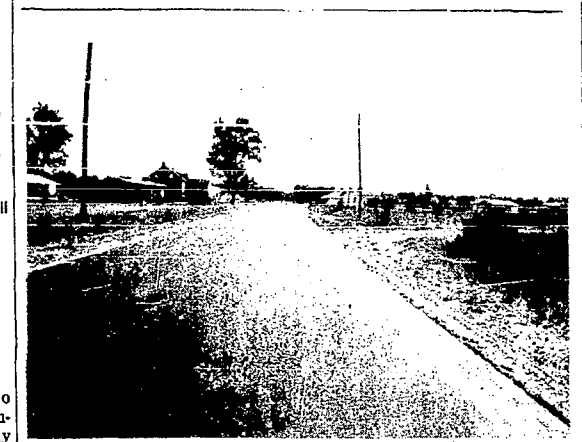

Rev. Jasmin attended Detroit Bible College and is a graduate of Bob Jones University in Greenville, S.C., receiving his Bachelor of Divinity degree in 1961. He is much in demand as a speaker for youth rallies, Bible camps and revival meetings.

APRECIATION GIFT — Willard "Butch" Cornell, second from right, receives a pen and pencil marble desk set from members of the 1941-1942 Grayling High football team he coached to conference championship. Presentation was made at a championship payoff steak fry last Saturday. Inscribed on the plaque was "Coach Willard 'Butch' Cornell, in appreciation for his dedication to the youths of yesterday. Football

champs 1941 and 1942." Also on the set was a list of the players' names. In the photo above from left, Herbert McDonnell, capt. 1941; Ross Thompson, co-capt. 1942; Coach Cornell, and James Kolka making the presentation. It was through the efforts of Harold Hatfield, who chairmanned the reunion committee, that the group was brought together.

Chamber Answers DNR Canoeing Criticism

ROAD PROJECTS COMPLETED — Pictured above on the top is a one-mile section of County Road, an extension of the North Down River Road between Old 27 and the I-75 freeway, which has been recently widened from 20 to 24 feet and repaved, and on the bottom a view of the Highland Acres subdivision adjoining the county road, a large portion of which, along with similar paving in North Park subdivision, was completed on the same project, both subdivision areas totaling 1.25 miles of paving.

Grayling Township requested the subdivision paving, to which the Crawford County Road Commission agreed, adding the County's own project to the proposal. Over one-half the cost, or \$22,000, was borne by the Township and \$18,000 by Crawford County, as the area involved is not a part of the City of Grayling. Bids were let to Lake and Howell of Indian River.

The County has let contracts in the amount of \$180,000 to the same firm for 3 1/2 miles of the North Down River Road between Wilcox Range and Stephan Bridge Road, and for 4.1 miles from Old 93 to Twin Bridges Road on County Road 612. Fifty percent of this cost will be reimbursed to the County through Federal aid, the Road Commission spokesman said.

Meeting Notice

There will be a meeting of the Crawford-Au-Sable School Association at the Frederic School cafeteria Thursday evening, September 10, at 7:30.

Edith Long, Leader

On August 27th a group of four individuals from the Michigan Department of Natural Resources met for a two-hour discussion in the Grayling Regional Chamber of Commerce office relative to recreational activity problems of the northland.

After the discussion, which covered total aspects of recreational interests, it was suggested by the Chamber office that because Crawford County has been a leader in meeting various environmental problems, that the County would welcome becoming a pilot county in planning and programming for the future of the whole of northern recreational interests. Thus community leaders of the area, working with the professional D.N.R. planners, would have a series of meetings to evaluate the recreational activity problems being brought about by environmental pressures of population. The discussions would cover all aspects of activity, and would evaluate problems peculiar to all northern counties.

These discussions, it was hoped, would be intelligent, and would be searching for ways and means to cope with the "People problems" of the northland, and compatibility with northern ecology.

A recent series of articles in many newspapers and the T.V. media has led community leaders in Grayling to believe that the releases from the D.N.R. are biased, half-truths, and complete untruths.

If the D.N.R. hopes to establish rapport with the community, they have certainly started out in the wrong direction. The following "open letter" was sent to Deputy Director Shapeton on September 7th.

Mr. Warren Shapeton, Deputy Dir., Field Operations, Dept. of Natural Resources, Steven T. Mason Building, Lansing, Michigan.

Dear Warren: Following the two-hour discussion in the Grayling Regional Chamber of Commerce office on August 27th, which included you, Mr. Troy Yoder, Mr. Gary Schucko and Mr. Clarence Roberts of the D.N.R., I am disillusioned about the objectives of the D.N.R. in attempting to plan and program for the proper use of the total recreational activities in Crawford County.

In the past week I have read in several papers inflammatory untruths and half-truths in the form of statements relative to recreational canoeing in Crawford County.

In our discussion on August 27th we spoke not only of canoeing but the overall impact of all recreational activity users — not only in Crawford County, but in all of northern Michigan. At that time, I told your group that Crawford County in many instances was a leader in planning for the "people problems" that we are faced with and that will be compounded in the coming years. I further stated that I thought with professional planners of the D.N.R. and leaders of our community, that with intelligent and meaningful discussions, we could perhaps make Crawford County a "pilot" county in programming and planning for the problems of ecological compatibility which the D.N.R. is going to be facing, not only now but in the years to come in all of northern Michigan.

I think that it is immature and lacking foresight that the D.N.R. has allowed the element of sensationalism to rear its ugly head even before formative discussion has begun relative to fishing, canoeing, camping, hunting, (See Chamber on Page 10)

Ann Szczzerowski, daughter of Mr. and Mrs. John Szczzerowski of Rogers City, and Howard S. Madsen, son of Mr. and Mrs. Howard R. Madsen of Grayling were united in marriage Saturday, August 29 at St. Ignace Church, Rogers City. Father Zigmund Gaj officiated at the one o'clock High Mass. Mrs. June Faldhauser, grandmother of the groom, presided at the organ and sang the Ave Maria and The Lord's Prayer.

Church decorations included two baskets of white and blue tinted gladiolas.

Given in marriage by her father, the bride wore a floor length gown of sheer dacron organza, fashioned in empire style with the entire bodice and high mandarin neckline of Brussels crochet lace. The skirt was slightly gathered and trimmed with a broad border of lace. Her mantilla veil of silk illusion was attached to a Juliet cap of matching lace and bordered in the same lace. She carried a cascade of white roses with blue tinted stephanotis and ivy streamers.

Mary Szczzerowski of Rogers City, sister of the bride was maid of honor. Bridesmaids were Susan and Sandy Madsen of Grayling, sisters of the groom, and Norma Szczzerowski of Rogers City, sister of the bride, who

was a junior bridesmaid. Their gowns were floor length, fashioned in shirtwaist style. The bodice of white eyelet lace had a ruffled jabot, long, full, deep cuffed sleeves accented with tiny fabric buttons in turquoise linen to match the slightly gathered skirts. They wore picture hats of matching eyelet straw with velvet ribbon streamers which matched the skirts. They carried white wicker baskets with an arrangement of pom-poms.

Jerry Madsen of Grayling served his brother as best man. Dennis Szczzerowski and Robert Madsen were groomsmen. Ushers were Terry DeWyr and Grant Thompson.

A buffet supper following the ceremony was held at the Knights of Columbus Hall in Rogers City with about 300 guests attending.

For her daughter's wedding, Mrs. Szczzerowski chose an ensemble of powder blue with lace trim on the dress and braid trim on the open style coat. She wore a corsage of miniature carnations with yellow roses.

Mrs. Madsen, mother of the groom, wore a pink crepe belted dress with slightly gathered skirt and matching accessories. She wore a corsage of white miniature carnations with pink sweetheart roses.

Following a wedding trip to the Eastern States, the couple will make their home in Ypsilanti, where the groom will attend Eastern Michigan University.

The bride is a 1969 graduate of Rogers City High School and a 1970 graduate of Saginaw Business Institute. The groom graduated from Grayling High School in 1967 and from Kirtland Community College in June of 1970. Out of town guests were present from Grayling, Saginaw, Bay City, Lansing, Detroit, Alma, Wyandotte, Cedarville, Flint, Alpena, Cheboygan and Posen.

LETTER OF INTEREST

Dank U Wel Grayling,

I would like to take this opportunity to thank all the individuals and organizations for their help and assistance in the Y.F.U. program in Grayling that made possible my trip to the Netherlands this summer.

The Y.F.U. program makes available a once in a lifetime opportunity to really learn what the world is like. The living in a private home and being part of a family in a foreign land gives you a complete picture of the customs and lets you become a part of your host country.

Holland is beautiful in the summertime. The people are warm, friendly and a pleasure to be with.

The Bronwassers of Uden are my new family. The members of my family are, two wonderful parents, Pauline and Andre, Fred 21 years, Paul 19, Liesbeth 17 and Jeroen 11. They all helped me very much and made me feel at home immediately upon my arrival June 23.

In my eyes I was very lucky to get assigned to such great people. They took the time to show me as many of the interesting and historical parts of Holland as they could and they would answer all my questions or find the answers to them no matter how unimportant they seemed at the time. For a vacation we decided to go to Austria through Germany. While we were there we saw many things I have dreamed about seeing all my life.

Now Europe is people, places and personalities, not just different colors on a map. I sincerely thank you all.
Dag,
Gert-Jan

BITS O' TALK

Dr. and Mrs. Donald Kennedy of St. Clair Shores visited with Mr. and Mrs. Ed Gierke last week. They are having their home on the AuSable remodeled.

Phillip Galli of Redbank, N.J. was a guest of Miss Billie Bovee at the home of her parents, for a week recently.

Mr. and Mrs. Ed Gierke called on the Charles Owens at Topinabee to see their new Marlette home which Ed delivered to them on the 24 of August.

The Charles Franks of Detroit spent from Tuesday until Thursday last week visiting with Mr. and Mrs. Ed Gierke.

Mr. and Mrs. Joseph Siniff and children, Joanne and Joey of Bay City spent last weekend with her parents, Mr. and Mrs. Bernie Engel.

Tom Peterson and girlfriend of Jackson were up last weekend to take a canoe trip down the river. While here they called on Mr. and Mrs. Matt Bidvia.

Mr. and Mrs. Joe Bielski were expecting their son and wife, Mr. and Mrs. Marvin Bielski and family to arrive Thursday, enroute from Big Fork, Mont. back to their home in Flint. They spent the summer near Platte Head Lake.

Attend The Church Of Your Choice**Talking it over**

Some of the key moments in our education are those times when we discussed with someone older the interesting things we learn.

But, to speak frankly about religious education today, one of the serious handicaps facing boys and girls who are sent (not brought) to church is that they have little opportunity to "talk it over" at home.

Moral and spiritual growth is nurtured by family discussion of the truths taught in classroom and pulpit. But this presumes that parents and children together are sharing the experiences of worshipping God and studying the Christian Faith. Candidly, too, it presumes that the parents will be the pace-setters advanced enough in their own religious growth to answer simple, urgent questions.

It was always fun to tell "Sis" what we had learned at school. But, remember, it was Dad and Mother we counted on when we couldn't find the answers!

For your children's sake — and your own — attend church regularly.

ALPENA COLLEGE RECEIVES GRANT

Governor William G. Milliken announced 28 crime control grants totaling \$1,598,690. The funds represent the largest dollar amount awarded for the improvement of law enforcement and criminal justice at one time in the State of Michigan.

Mark Smolinski, Crime Control Administrator with the Northeast Michigan Regional Planning and Development Commission, announced that Alpena Community College received a grant of \$21,600 to expand the recently introduced Associate Degree in Law Enforcement and to initiate a basic police officer training school to serve law enforcement agencies throughout the 8-county area served by the Northeast Commission.

Obituaries

Liland Smock Succumbs Sunday

Liland J. Smock, 72, passed away Sunday, Sept. 6, at Mercy Hospital following a two and a half-week illness. The funeral mass was to be at 11:30 a.m. Wednesday, Sept. 9th, at St. Mary's Church. Msgr. Victor Gallagher was to officiate. The Rosary was recited at 7:30 Tuesday evening at the Sorenson Funeral Home. Burial is in Elmwood Cemetery.

Liland Smock was born August 13, 1898, in St. Louis, Mich. A retired lumber inspector, for the past 17 years he had been a watch maker at his home, 201 Park Street in Grayling. He is survived by his widow, the former Jessie Reynolds, three sons, Don, Robert and Gerald, all of Grayling, one sister, Mrs. Leo Cannon of Marquette, 16 grandchildren and 13 great grandchildren. Two children, Howard and Marie, preceded him in death.

Services Friday For Vernon Hartman, 79

Vernon Hartman, 79, passed away at his home at Lovells Wednesday, Sept. 2. Funeral services were held at the Lovells Community Chapel at 2 p.m. Friday with Rev. Lewis Goslow officiating. Burial was in the Lovells Cemetery.

Mr. Hartman was born April 21, 1891 in Rochester Ind., the son of the late Mr. and Mrs. Benjamin Hartman. He had lived in Lovells since 1945 where he owned and operated Hartman's Fly Shop, coming there from Flint.

Public Phones Being Hit By Burglars

General Telephone public phone service is being jeopardized in much of the state by a group of roving burglars who wreck the instruments they attempt to burglarize, D. C. Lee, security director for the company, said today. He asked that suspicious persons be reported to local law enforcement officials immediately.

The burglars generally operate during the late night and early morning hours of Saturday and Sunday and have thus far damaged or destroyed more than 40 outdoor telephones causing well over \$10,000 in losses to the company, Lee said.

"More importantly, telephones which people depend on, sometimes in an emergency, are no longer available," Lee said. The company does not keep a large supply of replacements on hand and it takes several months to receive those ordered from the manufacturer.

The company has asked people living or working in the vicinity of public telephones likely to be burglarized to be especially alert at night, the security director said. He said suspicious persons should be reported to the local law enforcement agency promptly with as accurate a description as possible of the individuals and their vehicle including the license number.

"No attempt should be made to apprehend or detain suspected burglars except by law enforcement

A Killing Handicap

Welfare, as everyone knows, is bankrupting communities all over the nation — and no one seems to be able to do anything about it. Some figures from a state welfare office in Massachusetts explain, at least in part, why the problem of welfare is getting out of control. According to the figures, a family of four on the Aid for Dependent Children program in Massachusetts enjoys a standard of living \$1,275 a year higher than a family of the same size supported by an average wage earner. Including fringe benefits — free medical and dental care, tax relief, subsidized rent and mortgage payments, special insurance breaks — the family of four on welfare receives the equivalent of \$7,671.55 a year. The average wage earner's family gets \$6,396.00 a year. These figures from Massachusetts are very likely similar to figures for other states. No nation can live indefinitely under this kind of a handicap and still maintain the productivity of its people — or the initiative of the individual.

Craftsmanship May Count Again

No law can protect consumers against what U. S. Secretary of Labor James D. Hodgson calls a "crisis in craftsmanship." The declining quality of workmanship in today's products is, in a large part, a direct result of a disappearing breed of people — people who prided themselves on their skills and their ability to do a job well. As Secretary Hodgson puts it, the decline in the quality of American workmanship stems mainly from two developments — a drying up of the flow of skilled artisans and craftsmen to the United States from Europe, and a decline in respect for craftsmanship.

The Secretary believes that high pay for craft skills will reflect a recognition of the need to rebuild American craftsmanship. In other words, unsuspected new opportunities may open up for those who have not yet swallowed the bait of a push-button, automated existence.

The Maple Forest Home Extension Group entertained the Crawford County Groups at the Maple Forest Townhall on Thursday, Sept. 4th, at an all day meeting. There were fifty-five ladies present.

At 11 o'clock last Sunday morning, Grayling became the hometown of the canoe paddling champions of the State of Michigan, when Allen Carr, 23, and Delbert Case, 21, pushed their magnesium canoe over the finish line in Oscoda after a tough 21 hour and 3 minute run from Grayling 240 miles upstream. Jack Davis and Jay Stephan crossed the finish line only 24 minutes behind first place winners to put Grayling way out in front. Albert Gierke and Arnold Hubbell added third place to the list and Bernard Fowler and James Wakeley glided over to annex fourth. Homer and Chris King came rolling in for sixth. Carr and Case, left Grayling in 30th position and by the time they reached Alcona Dam, they had passed all other contestants and led the way from there.

HOUGHTON LAKE PLANNERS SEEK SOLID WASTE OUT

By Willard Boeserman
County Extension Director

The Houghton Lake Planning Commission is looking for new ways of disposing of solid waste. New health regulations are making it too expensive for each township to operate their own dump. They are exploring the possibility of turning more of the responsibility for dump operation over to private operators. It appears this would place the financial burden of disposing of solid waste upon the individual by contracting with the private collectors to pick up their waste.

Some fear was expressed that such a system would intensify the use of roadside tables and parks as a convenient dumping ground.

Roadside collecting points seems to be a pattern established by the people fashioned after many other drive-in conveniences of way of life. It is a trend which is going to be hard to beat by laws which prohibit such action. Perhaps some state aid is needed to set up a collection system which will best serve the people. Although some local people use roadside tables as a convenient dumping ground, probably most of it is deposited by visitors who find the local dumps closed.

They want to be neat. They put the waste in plastic bags and place it methodically where it can be picked up.

Engagement Announced

Miss Carla Jean Moshier was the guest of honor at two bridal showers recently.

The first, on August 14, was a surprise shower given by Mrs. Edwin Funck and daughters, Linda and Nancy. Mrs. Loretta Whaley poured the coffee and Mrs. Charles Moshier, the bride-elect's mother, cut the cake. An evening of games was enjoyed.

On August 18, Mrs. Russell Moshier and Mrs. Roger Moshier were co-hostesses at a shower held at the Woman's Club Building.

The cake, decorated by Carla Jean's mother, was decorated in the bridal color scheme of pink and lavender.

The bride-elect received many lovely and useful gifts. She will become the bride of Robert G. Gierich on September 20.

The marriage ceremony which will take place at St. Maron's Cathedral on Kercheval Avenue in Detroit, will immediately be followed by a candle light reception in the church hall.

The younger Thompson is employed at G. M. Technical Center.

Meet Ford's new Pinto. The little carefree car.

PINTO Ford

If you have the questions,
Pinto has the answers.

Q. What do you mean, "carefree"?

A. Pinto's designed to free you from car cares, big and little. Cares about high prices and big gas bills. Cares about parking. Cares about service and reliability. Power and stability. Quiet and roominess.

Q. You say Pinto is little. How little?

A. Pinto is only 3 inches longer than VW. But its turning circle is actually a little less, so Pinto can slip easily into tight parking spaces.

Q. And inside?

A. Pinto gives you more interior roominess overall than Volkswagen. And getting in and out is easier because Pinto's doors are a good half-foot wider.

Q. What about price?

A. Pinto is priced like the little economy imports, too.

Q. What about power?

A. Pinto delivers 75 horsepower and averages over 25 miles per gallon in simulated city/suburban driving. The engine is front-mounted and exceptionally quiet for a car in this class. Pinto is the only American economy car equipped with a 4-speed, fully synchronized transmission at no extra cost.

Q. What else is standard equipment?

A. High Back bucket seats. Direct-Aire ventilation with upper-level fresh air outlets. Heater/defroster with 3-speed fan. Two-speed electric windshield wipers. Electric windshield washers. Your choice of 15 exterior colors. And more.

Q. How about optional extras?

A. Pinto offers a 100-hp engine and 3-speed automatic transmission. Front disc brakes. Even built-in air conditioning. Tinted glass. Vinyl roof. "Flipper" rear quarter windows. Fold-down rear seat. Bumper guards and side molding with vinyl inserts to protect the paint. More than most imports offer—at prices economy-car buyers can afford.

Q. Reliability?

A. Pinto's engine has already logged 50 million owner-driven miles. And the strength of some of Pinto's parts makes ordinary little economy cars look puny by comparison. Parts like the starter motor, ball joints, rear wheel bearings are heavy duty. Craftsmanship? Pinto is the only American car with hand-matched transmission gears.

Q. What's Pinto like out on the road?

A. Pinto has a wider stance than any economy import, for better stability in turns and gusty crosswinds. For more road feel, and more

precise handling, Pinto has rack & pinion steering—like Porsche and Jaguar—something you won't find on any other American car.

Q. Tell me about service.

A. Pinto is so simple you can do much of the maintenance yourself, if you like. The Owner's Manual shows you how. And Pinto's free Do-It-Yourself Key helps you perform minor service functions.

Q. Suppose I don't service Pinto myself?

A. You still save when your Ford Dealer does it. For example, Pinto needs an oil change half as often as the leading import. And a chassis lube only one-sixth as often.

Q. Sounds great—where can I test-drive Pinto?

A. Your nearest Ford Dealer. And if you have any more questions, he can answer them.

Patricia A. Smith, daughter of Mr. and Mrs. Walter Smith of Route 1, Grayling, became the bride of Robert H. Millikin, son of Mr. and Mrs. LeRoy Millikin of Route 1, Roscommon on August 1. The ceremony took place at the Methodist Memorial United Methodist Church with Rev. Paul Frederick officiating before about 300 guests.

Given in marriage by her father, the bride wore a full length A-line styled gown of nylon taffeta over satin, trimmed in blue lace made by the bride. She wore a chapel length train and carried a bouquet of light blue mums.

Marcy Millikin, sister of the groom, was maid of honor. Bridesmaids were Louella Millikin, sister of the groom, Sylvia Millikin, cousin of the bride and Carol Galloway. The maid of honor's gown was of white lace with light blue skirt, the other attendant's gowns were alike except the skirts were of royal blue. They all carried bouquets of blue and white daisies.

Ron Calkins served the groom as best man, Paul Smith, John Millikin and Bob Sneaker were groomsmen, while Chuck Smith and Bruce Burkett served as ushers.

A reception was held at the Red Barn immediately following the ceremony.

Following their honeymoon in Upper Michigan and Canada, the newlyweds are making their home at Lake Margrethe.

Out of town guests were from Ann Arbor, Jackson, Lansing, Detroit, Plymouth, Michigan Center, Addison, Ypsilanti, Kalamazoo, Houghton Lake, Frederic, Bay City, Saginaw and Clark Lake.

Policyholder Questions Answered by The Institute of Life Insurance, 277 Park Ave., N. Y., N. Y., 10017

Q. Our son is in the Army, and has \$10,000 of coverage provided by his Servicemen's Group Life Insurance. Can he keep this insurance when he leaves the service?

A. Not really, but he can convert it to a permanent policy when his tour of duty is over.

Servicemen's Group Life Insurance, which now costs him \$2 monthly for \$10,000 of coverage, contains a conversion privilege which your son can exercise within 120 days of leaving the service. As the conversion does not require a physical examination, it is especially valuable to a veteran with a health impairment, since it means he can obtain life insurance even if he is uninsurable. The veteran does not have to buy the policy from one particular company, but is provided with a list of participating companies from his home area.

The policy to which he converts will carry a substantially higher premium, since it is "permanent" life insurance, with growing cash values. The premium, which is based on the veteran's age at the time he converts, remains the same for the rest of his life, even though he will be growing older.

Incidentally, if your son should convert his Servicemen's Group policy after his discharge, and later reenlists, he can get an additional \$10,000 of Servicemen's Group Life Insurance.

Thought For Food

For a tasty appetizer, stuff ham salad into icy-crisp celery. It's a crunchy combination.

Cooling weather brings on man-sized appetites. Beef or lamb stew, rich in color and flavor, is a good choice. It's the browning—long and lazy—that gives stew the rich color and flavor. Don't just heat and serve. Let it "stew" for about 20 minutes.

Shoe string potato sticks in the can are a time-saver. Place them in a shallow baking dish, dot with butter, sprinkle with garlic salt. Bake at 350 degrees F. for 5 minutes, stirring occasionally.

For a quick tuna salad, drain and flake 2 cans (7 oz. each) tuna; combine with 2 hard-cooked eggs, diced, 1 cup chopped celery, ½ cup mayonnaise and a few drops Tabasco. Arrange and garnish with chopped ripe olives. Serves four.

ENGLISH WOODCHUCK
2 tablespoons butter
2 tablespoons flour
2 cups milk
½ teaspoon salt
1 teaspoon paprika
1 cup (1½ lb.) shredded American cheese
½ cup sliced stuffed olives
½ cup drained canned mushroom pieces
4 hard-cooked eggs, sliced
4 slices crisp buttered toast or chow mein noodles

Melt butter in heavy saucepan; add flour and blend. Add milk. Cook, stir constantly, until sauce is smooth and thickened. Blend in salt and paprika. Add cheese and stir over low heat until melted. Add olive slices, mushrooms and egg slices and heat, stirring as little as possible. Serve over hot, buttered toast slices, or chow mein noodles. Makes 4 servings.

CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega.
We also call it "the little car that does everything well."
Because it does.

Everything? Everything.

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?

Numbers speak louder than words.

The wheelbase is 97 inches.
Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5½ feet.
Weight: 2,190 lbs. for the sedan.
Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.)
Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

Three cars and a truck.
Vega turned out so well that we couldn't turn out just one.

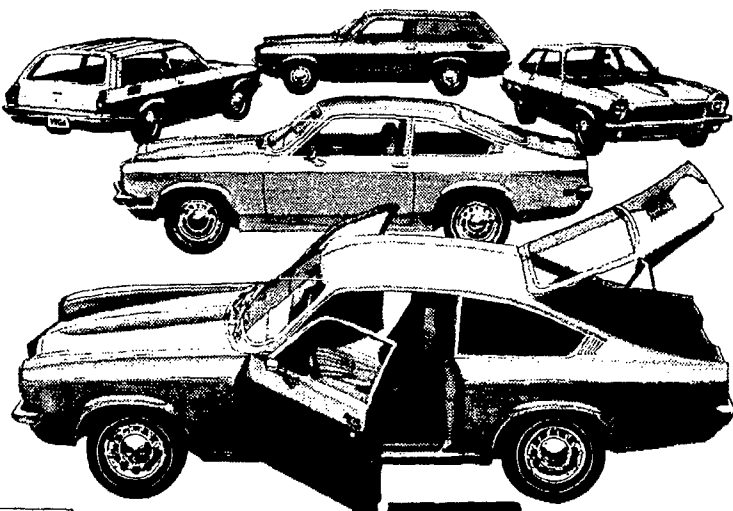

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

September 10th is Opening Day.

All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.

Bits O' Talk

Mr. and Mrs. Russell Ballinger of Livonia arrived Friday and spent the weekend with her parents, Mr. and Mrs. Matt Bidvia. They picked up their children Laurie and Bob, who had spent most of the summer with their grandparents, and took them home with them.

Mr. and Mrs. Cecile Speight expected their son Tom of Dearborn and his girlfriend, Shelia Warren up over the Labor Day weekend. Also five members of Shelia's family were coming with them.

Mr. and Mrs. William Zimmerman Jr. and children, Jim and Sharon were camping at the State Forest Camp Grounds at Lake Wargrethe last week. While here they visited her brother and family. Mr. and Mrs. Robert Bovee. Other recent visitors at the Robert Bovee home were his brother and wife, Mr. and Mrs. Keith Bovee and daughters Sandra and Sally of Muskegon.

Mrs. Evelyn Lovaasen of Ludington spent Sunday here with Mrs. Esther Bryson.

Spending the weekend of August 29 with Mr. and Mrs. Fred Niederer Jr. and family were Mr. and Mrs. Arthur MacLean and five children. The MacLeans, who are missionaries from the Sudan Interior Mission of Ethiopia returned to the States on the first of July to spend a year's furlough. They were in charge of a boys school in Ethiopia. They had been visiting in New Castle, New Brunswick and were enroute to La Verne, Calif. to spend the rest of the year. While here Mr. MacLean spoke at both the morning and evening Sunday services at Calvary Baptist Church and Mrs. MacLean spoke at the Junior Church services.

Mr. and Mrs. Charles Tinker, Mr. and Mrs. Martin Tinker and Mrs. Kay Hall and daughter, Debbie, spent last Sunday at Torch Lake visiting the former's daughter, Mrs. Chuck Goen and family.

Veterans To Receive Extra Compensation

The Veterans Administration reported today that a bill the President signed August 15th will increase monthly compensation payments for most of two million veterans who incurred disabilities during military service.

Mr. Robert M. Fitzgerald, Director of the Detroit Regional Office, stressed that since the increased payments are automatic, veterans need not contact the VA to receive them.

He said veterans will receive their regular monthly checks for August on September 1, computed at the old rate. Later, in early September, most veterans will receive another check which will reflect the retroactive increases for July and August. The following month regular checks will include the increases.

He said the 12 percent increase goes to totally disabled veterans, including those who also receive additional compensation for such disabilities as deafness, blindness, and the loss of or loss of use of arms and feet.

Under the new rates, compensation to veterans with a 100 percent disability rating will be raised from \$400 to \$450 a month. Those with a 90 percent rating will be increased from \$226 to \$250 a month; 80 percent disability, \$201 to \$223; 70 percent, \$174 to \$193; 60 percent, \$147 to \$163; and 50 percent, \$122 to \$135. (The additional allowances for dependents of veterans rated 50 percent or more, also are being increased.)

Other increases are as follows: 40 percent, \$89 to \$96; 30 percent, \$65 to \$70; 20 percent, \$43 to \$46; and 10 percent, \$23 to \$25 a month.

The new law also permits restoration to compensation rolls of remarried widows of veterans whose marriages end in death or divorce of the subsequent spouse. This provision becomes effective January 1, 1971.

The Regional Office Director said another provision, which would affect comparatively few veterans, would presume certain illnesses of former prisoners of war during World War II, the Korean Conflict, and the Vietnam Era to be service-connected for purposes of compensation payments.

Letters to the Editor

To the Editor:

I have read very carefully the various articles, letters, minutes of the Roscommon County Road Commission, etc. relative to the Dump and the search for a new location and the drawbacks to each suggested site. I suppose the proper name is "Sanitary Land Fill," but I prefer to call it a dump so people will know what I am talking about.

I read especially carefully the letter written by Mr. Mead a few weeks ago. One thing I have noticed is that there has been no reference as to the location of this new site, which has been acquired, until the Aug. 27 issue of the Roscommon Herald-News and that was only a partial description of the location. I think the citizens and taxpayers of South Branch Township, Crawford County, also the people of Higgins Township (whom it will serve) should be informed that this new site is located in South Branch Township, northeast of Roscommon, off Pioneer Road about 1/2 mile north between Chase Bridge Road and Leline Road. Why wasn't it known before? Who will stand guard night and day to see that no fires are started?

If the people who use the dumps would learn to condense their garbage, by that I mean either to fill cans, boxes, etc. or to flatten them or both, there would be no need for so much dumping space. There are a few people who do this service but the majority do not.

It seems to me that there is plenty of space for a dump in Roscommon County with all the acres and acres of Jack Pine plains and other vacant land that is not close to where people live. No one liked it when a few people from South Branch Township took their garbage to the Roscommon Dump, that was before we had a dump of our own, but that was only a drop in the bucket compared to what will be dumped in our Township when this new dump is put in operation. No one would like it if your neighbor would take his garbage and put it in your back yard or by your back door.

Someone is always going to abuse anything that is done to benefit the majority and it will be done in this case just as it has been done with the litter barrels at the roadside tables. It is a disgrace to the Human Race the stuff that is left at those places. Some of the people haven't even got the common decency and courtesy to put their garbage in large plastic bags

and tie them securely, but use paper sacks, cardboard boxes, cans, etc. and sometimes it is just dumped on the ground. Who wants to eat at a table beside a huge pile of garbage? I certainly wouldn't do it.

I have passed by the corner of Leline Road and M-144 on the average of about 10 times a week all summer and I have seen just one party of two people using that roadside table. I might add that I have seen several parties either ready to unload their garbage or had already unloaded it. It was too much bother to take it to the dump. I am surprised that our Highway employees will even pick up the mess people leave. You couldn't blame them if they refused because some of it is pretty rotten stuff.

The people in Roscommon won't be bothered with the smoke from the dump when it gets on fire and it will sooner or later, but what about the people who live in the vicinity of that dump and have health problems? I happen to be fortunate not to live close enough for it to bother me. Who is supposed to be called if it is set fire?

Maybe the citizens of Higgins Township and the Village of Roscommon should appreciate all the effort put forth in locating a new site for a dump but the majority of the people of South Branch Township do not appreciate having it put in our township.

As a taxpayer and citizen of South Branch Township, Crawford County, for the past 34 years I felt it was my duty to express my views on this subject and I am sure a good many people believe as I do.

Sincerely,
Georgia Royce

Local Girls at State 4-H Event

By Merrily Baldwin
Extension Home Economist

Eight Grayling girls represented Crawford County at the annual statewide 4-H Youth Exploration Days on the campus of Michigan State University held August 25-28.

Formerly known as State Show, 4-H Youth Exploration Days featured activities with a broad appeal to youth from 12 to 18. Some delegates participated in demonstrations of their experiences in 4-H projects, some participated in the state Share-the-Fun Festival, and others attended as explorers, with the hope that some of their experiences during the week would be shared with their 4-H clubs in their home county.

Thirteen teenagers from Area 16, Crawford and Roscommon counties, made the trip for this special event. Delegates from Grayling were: Lori Wieber, Nancy Funck, Irene Sorenson, Becky Swinkey, Bridget Hoffman, Judy Konvicka, Rosemary Jackson and Diane Stephan.

The girls viewed a dog performance show presented by other 4-H members and their pets, along with a horse show featuring members and the horses they raised and trained. Other highlights included a creative arts exhibit where the girls viewed art works done by fellow 4-Hers and even tried their own hand at working in acrylics, water colors, and pastels.

"Exploring Our American Heritage Through Music" was an evening program featuring Charlie Smith, folk singer. Another evening program was "Learning for Leisure," giving delegates a variety of choices in sports activities. While some of the Area 16 delegates learned the fundamentals of judo, others took advantage of still another type of program, "Explore the Sky," at the Michigan State University planetarium.

The girls also visited the Michigan State University museum, and discussed with other members "A Date With Your Future," concerning the problems that arise in early dating, courtship, and early marriage periods.

Because the girls were so busy going from one activity to another, probably the most appreciated times of the day were mealtime and swim time, at the Michigan State University pool. For those who still had energy left at the end of the day, a Lansing disc jockey was on hand with music for popular dancing, and a 4-H agent was calling square-dancing.

While at 4-H Youth Exploration Days, the delegates were housed in dormitories in the Brody Complex on the west end

of the campus. After walking to various activities, the delegates became familiar with buildings on the campus. One of the objectives of Exploration Days is to give the high school student an awareness of what a college campus is like, and a taste of what college life will be.

Counselors for the Area 16 delegation were Mrs. Duffy Gerkin, of Houghton Lake, and Mrs. Nancy Hoffman, of Grayling.

This year's delegation from Area 16 was the largest we have sent. It could be larger, if the Area 4-H program were larger and more active. You can give young people in Crawford County this opportunity and many more by becoming a 4-H leader in any of a wide variety of projects. Contact Mrs. Merrily Baldwin, Extension Home Economist, Roscommon County Building, Roscommon, or call 275-5043.

District Court Action

Four persons appeared before District Court Judge Francis L. Walsh Tuesday of last week.

Michael Tiffany, 22, of Grayling was sentenced to three days in jail plus an \$83 fine and costs for driving with a suspended license. He was arrested August 21 by Crawford County Sheriff's officers.

Lyle Armstrong, 32, of Frederic, was given 30 days in jail for furnishing alcoholic beverages to minors. Armstrong was ticketed August 29th by Gaylord State Police Post officers, and pleaded guilty Tuesday to the furnishing charge.

Charles Wood, 43, of Harrison, who was arrested August 28 by State Police of the Potosi Post, pleaded innocent to the charge of driving while under the influence of alcohol and demanded a trial. He was freed

on \$100 bond, and no trial date was set.

Orville Short, 33, of South Branch, entered a nolo contendere plea to a charge of trespassing, and paid fine and costs of \$23. He was cited August 30 on a citizen's complaint.

LOCAL WOMAN'S SISTER SUCCUMBS

Mrs. Robert Averaz, sister of Mrs. Wilfred Ziegler of Grayling passed away suddenly in Mexico City, Mexico on September 2. The body will be returned to St. John, New Brunswick, Canada.

Mrs. Averaz leaves one son, Robert, attending college in Canada, her father, Ira Layler, seven sisters and four brothers. Mrs. Ziegler left last week for St. Johns.

Frederic

By Abbie Madill

Fred Allen arrived home on Sunday, August 30, from the Naval Base at Norfolk, Va. After meeting his wife and son at Tri-City and spending 10 days with her family, the Harold Longs of Grayling, and his parents, the Kenneth Allens, he returned to the Naval Base accompanied by his wife and son. They will take up residence at Ocean View, Va. His brother, Dale Allen, and family of Lansing came up to spend the holiday weekend. The Al Elzingas of Traverse City also visited with them.

Mr. and Mrs. Vern McIntosh of Jackson spent Monday night with the Kenneth Allens enroute home from Thessalon, Canada. Mrs. McIntosh was the former Mrs. Doyle Allen.

Letters of Interest

1 September 1970
Grayling Chamber of Commerce
Grayling, Mich. 49738

Dear Sirs:

We wish to thank your fair city for the kind and thoughtful treatment of Sgt. Donald L. Horn during the period of annual field training 7-23 August 70.

We also want your community to know that this unit was not involved in any manner with the incident of the bear. We would not condone anyone in our unit practicing a prank such as this and would not harbour them if it was discovered.

Our units, as well as other Ohio units, were stopped and searched by the Highway Patrol. Needless to say, there was no evidence of any bear in or about the convoy. I mention this fact as proof that this unit was not involved in the incident.

Sgt. Horn and his wife are looking forward to the hospitality offered by your fair city. They anticipate being in your city in the near future to take advantage of the gift certificates awarded him during our encampment.

Sincerely yours,
Robert L. McGuire

Frank Bonds Enjoy Eastern Tour

Mr. and Mrs. Frank Bond recently returned here after touring the southeastern United States with their son and family, the James Bonds of Lansing. The two families, in their Avon trailer and Dreamer camper, visited the historic Civil War areas of Gettysburg, Pa., and Fredericksburg, Va. before spending almost a week in Williamsburg, Jamestown and Yorktown, Va. From there they did some sightseeing around Newport News, Va. before going on down to Cape Hatteras, N.C. on the Outer Banks, where they visited the Kitty Hawk Memorial and Hatteras National Sea-

shore. While camped at one of the National Park campsites, they had to evacuate it when a tropical storm backed water up in Pamlico Sound flooding the campsite, forcing over 300 campers to flee.

On the way home via the Blue Ridge Parkway, stops at Chocolate Town, U.S.A. (Hershey, Pa.) and Niagara Falls completed a most educational and enjoyable month.

THE LUV MACHINE

A GAS DRYER

It's love, pure and simple, the first time you use The Luv Machine, a Gas dryer. And why not? A Gas dryer is so good to clothes. Leaves them soft, fresh-smelling. In fact, a special setting gently caresses permanent press things so they don't need any ironing. And there's the way a Gas

dryer saves money. Dries five loads of clothes for the price of one load in an electric dryer. Does a load up to 10 minutes faster, besides. Buy a Gas dryer at your appliance dealer's or Michigan Consolidated showrooms. You'll love everything about it.

BITS O' TALK

Mr. and Mrs. Dan Babbitt of Lake Wales, Fla. have enjoyed two weeks here in their home town meeting and visiting friends and relatives; also visiting in Roscommon and Houghton Lake with Mrs. Babbitt's brothers and families. They took in the Corwin reunion Sept. 6 in the grove of the Corwin's old farm. They flew from Tampa, Fla. to Toledo, Ohio August 13, visiting there with Dan's sister, Bernice DoMoe; in Temperance, Mich. with Roger Evans. Their son, Arnold, met them there and took them to his home in Kalamazoo for a week and then brought them north to the Ernie Low home. They spent a day at Bellaire with Hubert, Helen and Peter. They left Sept. 9 with Mr. and Mrs. Earl Bird of Detroit; where they spent some time before returning to Toledo for the flight back home.

The Fred Millers of Harrisville spent Labor Day weekend with her parents, the Frank Bonds.

Sunday callers on Maggie Levertson were her cousin and wife, Mr. and Mrs. Harry Nickelson, of Grand Rapids.

Bill and Irene Gildner and four boys, Billy, Steven, Tim and Ronnie recently enjoyed an eleven-day trip through Upper Michigan and into the western section of the U.S., taking in the Badlands, Mt. Rushmore and Custer State Park, and then going on into Yellowstone National Park and Grand Teton National Park. They returned home via lower Michigan, stopping at the home of Mrs. Gildner's brother, the Erwin Bancrofts at Spring Lake, where Bill and Erwin enjoyed an afternoon of golf. The Gildners returned home the following day.

Weekend visitors of Maggie Levertson were Mrs. May Robertson of Sault Ste. Marie, Canada and two daughters, Mr. and Mrs. William Joyce and daughter, Janet, and Mrs. Mildred Wells and daughter, Verna Dunn and granddaughter, Mary Page Dunn, all of Detroit.

snowmobiling, use of the horse and hiking trail, trail driving, and many other activities of the northern region too numerous to mention.

It is too bad that because of the activity of a very minute percentage of campers, fishermen, canoeists, trail riders, etc. that copy has appeared to give the impression that the situation is beyond control. Perhaps this is a primary cause today with regard to all environmental problems. One is led to believe that because of actions of a few, the total is involved.

I would sincerely hope that the copy which has reached the news media was not the result of releases of the professionals of the D.N.R. If it is, I would have to agree with the many critics of the D.N.R. that the saneness and intelligence of this Department of the State of Michigan leaves much to be desired.

Even in view of the accounts relative to Crawford County, we wish to advise your office that we are mature and most serious in desiring intelligent discussion of the overall problems of the compatibility of recreational activities in Crawford County, that are problems of the whole of northern Michigan, and that in these discussions we may be able to promulgate constructive planning for the whole of northern Michigan in the years to come.

Very truly yours,
 Earl H. Longworth

Girl Dies After Two-Car Accident

Cathy Chadwell, 15, of 3524 Wedgewood Drive, Lansing, died at Mercy Hospital at 11:40 p.m. September 5th as the result of injuries suffered in an automobile accident which took place at 9:52 p.m. the same day a half-mile south of County Road 500 in Lake Township, Roscommon County.

The car in which Cathy was a passenger was hit from the rear by another car driven by George Coppers of Watton, Mich. Her grandfather, Joseph Penrose, was the driver of the first car. Mr. Penrose and his wife were taken to Mercy Hospital along with Cathy and were later transferred to a Lansing Hospital.

An autopsy was performed September 6th in Lansing, to determine the exact cause of death. Coppers was treated for injuries at Mercy Hospital and later released.

Following his release from the hospital, Coppers was placed in the Roscommon County jail and was arraigned in court Tuesday morning on a charge of manslaughter. According to the Roscommon County sheriff's department, bond of \$2500 was set, which had not been paid at the time of this writing.

Funeral services for Cathy were at the Runciman Funeral Home in Lansing on Wednesday with burial in the Deepdale Cemetery. Survivors are her mother, Carlene, and stepfather, Jack Scott, her father, Duane Chadwell, and her grandparents, the Penroses.

State Police of the Houghton Lake Post handled the accident.

Special Courses To Be Offered At Kirtland

Kirtland Community College is offering a course that would be of interest to all "rock hounds" and lapidary hobbyists. The first semester will be primarily instruction in cutting, polishing and mounting of stones, as well as other related activities. Anyone interested in the course should come to the college Monday, Sept. 14, at 7:00 p.m. to meet in the Art Lab. Further information may be obtained by calling Kirtland Community College — 275-5121, Ext. 11.

Other course offerings are also being considered in foreign languages — German, French, and Spanish (both beginning and advanced).

A class in parliamentary procedure is also being proposed. Parliamentary procedure is a must for members and officers of any club or civic organization. Interested students should plan to attend an organizational meeting for each of these classes at 7:00 p.m. on Monday, Sept. 14.

Reception For Kirtland President Sunday, Sept. 20

The Board of Trustees, administration, faculty, and staff of Kirtland Community College cordially invite the public to a reception to welcome the new college president, Robert Stenger.

The open house will be held in the main building on campus Sunday, Sept. 20, 1970, from 2 to 4 p.m. Everyone is welcome and urged to attend. It is a fine opportunity to become acquainted with the facilities, the staff, and to see the progress on the new buildings.

Kirtland Community College is located eight miles north of St. Helen on County Road 600.

Keep Vegetation On Your River Banks

By Willard Bosserman
 County Extension Director

Natural vegetation along the river helps maintain the natural appearance to the river.

Vegetation also helps prevent erosion of the stream bank. Some where a compromise between man's desire to have a full view of the river and protecting the river has to be made. Green Belt Zoning has such a compromise in it. It allows for an area to be pruned and trimmed for a view of the river. The rest of the river bank is supposed to be left in its natural state.

Once in a while some person gets over zealous with the saw and cuts out too much vegetation. He is then in violation of the zoning ordinance. He can set out some vegetation to replace that which has been removed.

At the river's edge is a good place to plant some red osier dogwood. This is a native dogwood which has a bright red stem and a white flower. It grows well in wet areas subject to flooding and is an attractive plant.

Some other shrubbery that can be planted to protect the stream bank are low growing willow and gray dogwood. These are not quite as attractive as red osier dogwood but will do a good job.

Some larger trees will also give shade to the water, thus keeping the water temperature down. This is important for the well being of trout. Some trees which are native and grow well along the river are, white, red and jack pines. Oak, maple and ash. The trees will not take as much flooding as the willows and dogwoods so should be set out higher on the bank. They can be set fairly close to the bank if it is a bank which is not subject to flooding. Willow trees can be set in a wet location. To protect a special erosion problem you can set out some low growing plant like andorra creeping juniper or dwarf yew. This will give you the protection needed without screening your view of the river.

These same plants work on the lake shores as well. On Higgins Lake I saw red osier dogwood growing along the stones in rip-rap but there to protect the lake shore. The dogwood gave the shore a more natural look.

On both lake and river property, lawns down to the water front are a no no. Lawns offer no shade for the water. People are tempted to use fertilizer which will be washed into the water.

Grass is an excellent erosion control plant, however. Sometimes grass may be the only thing that will prevent erosion, so I won't rule it out entirely.

For more information on vegetation for stream or lake shore protection please contact me at the Roscommon County Building.
